Abu Dhabi, UAE

PROFESSIONAL SUMMARY

AWS Cloud Engineer with 3+ years of experience in infrastructure provisioning, security operations, and maintaining production stability. Proven expertise in designing highly available architectures using **AWS VPC**, **EC2**, and **Route 53**, and optimizing resource utilization to drive FinOps objectives. Hands-on experience automating deployments with **Terraform** and configuring comprehensive monitoring via **CloudWatch** and **CloudTrail**. Strong focus on enforcing the principle of least privilege (**IAM**) and securing mission-critical data, maintaining a track record of **99.9%+ SLA compliance** and rapid incident resolution in high-growth environments.

TECHNICAL SKILLS

Cloud Ecosystem:	AWS (VPC, EC2, ECS, ALB, Route 53, CloudFront, S3 Vectors, RDS)
Security & Identity:	AWS WAF , IAM (RBAC, least privilege), KMS , Secrets Manager , Security Groups
Network Security:	FortiGate , Palo Alto NGFW, NAT, IPS/IDS, SSL/IPsec VPN, NACLs
Automation & IaC:	Terraform , Python (Boto3) , Bash, AWS Systems Manager (SSM)
CI/CD & DevOps:	AWS CodePipeline , CodeBuild , GitHub Actions , Docker
Monitoring & FinOps:	CloudWatch , CloudTrail , GuardDuty , VPC Flow Logs , Cost Explorer

PROFESSIONAL EXPERIENCE

Associate Cloud Engineer

Minute KSA

Nov 2024 – Dec 2025

Riyadh, Saudi Arabia

- Designed and maintained **AWS VPC** architectures for DEV/PROD environments, ensuring strict workload isolation and finely controlled traffic flow.
- Enforced comprehensive network and application security perimeters using Security Groups, NACLs, and **AWS WAF**, rigorously securing internet-facing applications.
- Managed and scaled **ECS** and **EC2 (Graviton5)** production workloads, maintaining **99.9% uptime** by proactively troubleshooting performance bottlenecks.
- Migrated manual infrastructure provisioning to **Terraform** and **CloudFormation**, decreasing deployment time by **73%** and ensuring consistent environments.
- Orchestrated the deployment of **AWS CodePipeline** and **CodeBuild** CI/CD workflows, enabling secure and automated application delivery.
- Monitored system health and audited access logs using **CloudWatch**, **CloudTrail**, and **GuardDuty**, reducing Mean Time to Detection (MTTD) by **25%**.
- Conducted regular infrastructure audits utilizing **AWS Cost Explorer** and implemented resource tagging, reducing monthly cloud spend by **15%**.
- Refactored IAM roles and policies for 50+ users, enforcing **100% compliance** with the principle of least privilege and minimizing security vulnerabilities.
- Automated EBS snapshots and RDS multi-AZ backup rotations using **Python (Boto3)**, decreasing manual recovery workflows by **40%**.

Network Infrastructure Engineer

Fabee Technologies

Jun 2022 – Sep 2024

Hyderabad, India

- Performed L1/L2 network troubleshooting using **ServiceNow**, systematically tracking issues and maintaining strict SLA targets.
- Managed enterprise switching environments with **Cisco Catalyst**, implementing precise VLAN network segmentation and STP optimization.

- Supported core routing protocols (OSPF, BGP) and assisted with enterprise **Cisco Catalyst SD-WAN** deployments.
- Configured **FortiGate NGFWs (60F/100F/200F)**, deploying robust firewall policies, NAT, IPS/IDS, and secure remote VPNs.
- Worked on **Palo Alto NGFWs**, assisting with granular security policies, App-ID traffic control, **SSL decryption**, and advanced threat prevention.
- Performed meticulous firewall rule reviews and policy optimization to enforce least privilege and proactively improve the security posture.
- Implemented comprehensive network monitoring with SNMP, Syslog, and SolarWinds, significantly increasing visibility into bandwidth utilization.
- Administered **Cisco ISE** for **RADIUS-based authentication and authorization**, managing policy sets, dynamic VLAN assignment, and endpoint profiling.

CERTIFICATIONS

- **AWS** Solutions Architect Associate
- **HashiCorp** Certified: Terraform Associate
- **Cisco** Certified (CCNP & CCNA)
- **Fortinet** NSE 4

EDUCATION

B.Tech – CS Engineering

Global Institute

2018 – 2022

Hyderabad, India
